

I have been very concerned about your recent efforts to allow media corporations to own more stations. The plan by Sinclair to force its local stations to air an anti-Kerry program days before our election certainly solidifies my fears.

Please stop this travesty. This is not a matter of one party vs. another (I am independent) but rather a matter of the use of our public airwaves by a corporation to further its own interests.

Please stop this now.

Thank you.
